

University of Nebraska's Peter Kiewit Institute is offering the following item available for interdepartmental transfer.

Name and details: This custom-built tiny house structure, constructed by University of Nebraska students, is located in the PKI parking lot in Omaha, Nebraska, and is being sold as-is. The structure is stationary, is not towable, and will require appropriate equipment for loading, removal, and transportation. It measures approximately 16 feet long, 8 feet wide, with 10-foot walls and an overall height of approximately 12 feet 6 inches at the roof peak. The tiny house features wood-frame construction, a finished roof, modern windows that provide abundant natural light, and a lockable entry door with two keys included. The buyer is solely responsible for all loading, removal, and transportation costs and arrangements. The structure must be removed from the property within seven (7) days of the sale.

Make: Tiny House

Model: Made in the Spring of 2026
